About this event:

Challenge Island is where engineering meets imagination, offering hands-on, project-based learning where participants cultivate 21st Century Skills.

Challenge Island is not just for kids! Join us for this multi-generational STEAM event - a perfect Family Night Out activity!

Families will work in unified tribes (teams), taking on some of our most popular STEAM challenges centered around fun, family-friendly themes. Our party-like atmosphere will be felt throughout the evening, with a crescendo at the end when tribes proudly present their creations at the closing tribal council.

Theme-based treats will be provided.
