

# Robotics & Coding at the Shames JCC with RoboThink

Ages 6 – 9  
7 Tuesdays 3:30 PM - 5:00 PM  
Start Date: April 30  
Members: \$260; Non-Members: \$285  
Dance Studio

## Join RoboThink's fun and exciting robotics and coding class!

Build robots of all shapes, sizes and functions with modular parts and make them move using gears, sensors, motors, electronics and coding. Weekly step-by-step projects introduce engineering concepts through engaging activities and challenges.

RoboThink is a hands-on learning experience where kids maximize self-learning and discover that building robots is easy, educational and fun!

*RoboThink Westchester offers fun & exciting Robotics, Engineering & Coding programs where engineers, tinkerers and builders of all ages can explore the exciting world of STEM!*
