

NEWS & ANNOUNCEMENTS

March 16, 2020

Dear Shames JCC Members & Participants,

We are continuing to monitor the information being shared by local, state, and federal officials about the impact of coronavirus (COVID-19) in our community, our nation, and the world. Since making the difficult decision to close our doors on Friday evening, New York State Governor Andrew Cuomo has mandated all fitness centers to close as of 8:00 PM this evening, and Westchester County Executive George Latimer directed all schools to close for 14 days. Having both school programs and a fitness center, the Shames JCC's campus-wide closure is in compliance with these mandates. As legislators continue to develop strategies to contain coronavirus (COVID-19) and new details emerge, we will remain nimble and responsive.

In the meantime, we are devising creative methods to connect with you. We are committed to strengthening our community and elevating your lives, now more than ever.
